ADVISORY ON DANGEROUS CARGO TO ABIDJAN/IVORY COAST

Dear colleagues/Customers

Kindly be informed that as per Ivory Coast Port authorities' regulations and with immediate effect, **all hazardous cargo must be received "under tackle "upon discharge in Abidjan Port.**

Therefore, it is consignee's responsibility to submit all required documentation, clear cargo before vessel arrival and ensure that all necessary arrangements are made to collect containers at vessel arrival.

In case consignee fails to proceed as required, all containers will be retained onboard for re-export to origins, and all related costs will be on shippers' account.

You may contact Ivory Coast Operations desk for more information, if required
