Supporting the community as ONE in New Zealand

This April and May, ONE New Zealand was bustling with activity as Magentians made a difference in the communities around them.

Magentians rolled up their sleeves at the Life Community Kitchen, and pulled up their socks to participate in the John West Dual, held in partnership with the Motutapu Restoration Trust to preserve the island's natural and historic heritage .

We would like to thank the Magentians for their efforts and dedication in making the community a better place!

Activity: Team ONE at the John West Dual, supporting the *Motutapu Restoration Trust*

Activity: Magentians serving food at the *Life Community Kitchen*
